

Online Tutoring Services Offer

We place education as a foundation of today's fast-paced and technology-driven world that requires us to learn continually. Our future prosperity, career, and personal successes depend on how well it is tailored to our needs and abilities.

Meet IT Foundation adheres to its mission of providing quality education through online tutoring services personalized to our tutees' talents and goals.

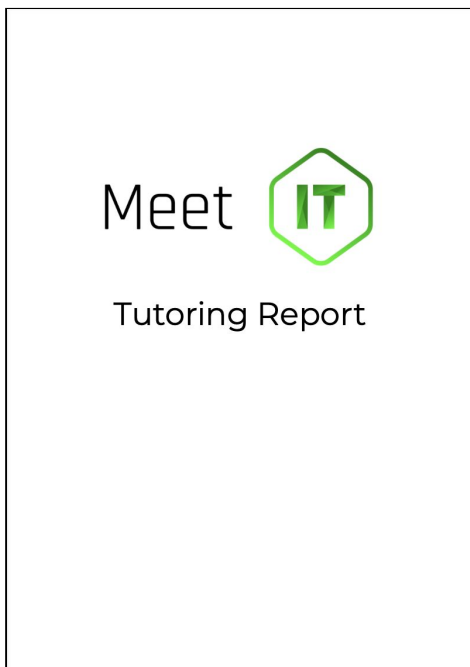

Tutoring benefits

- Learn to think independently.
- Learn from tutors who constantly develop in their fields.
- Finally, go through a personalized learning programme that fully unleashes your potential.
- Know your strengths and weaknesses by getting monthly reports.
- Practice essential skills that will help you succeed in the future.
- Get inspired by tutors who love what they do.

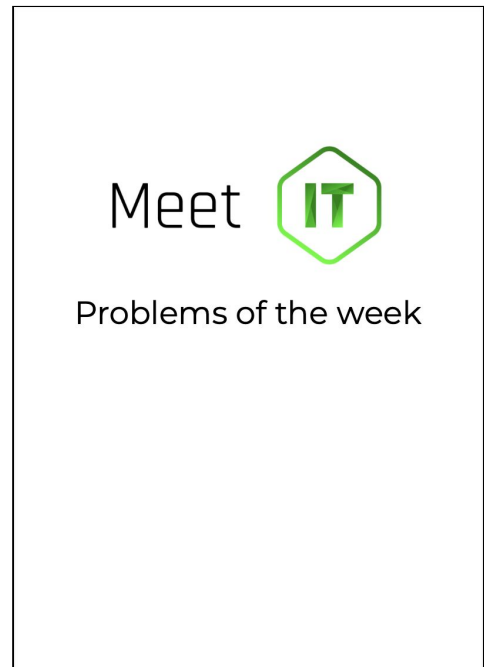

All Tutoring packages include

Regular Zoom meetings with Tutor

Monthly report on student's performance skills

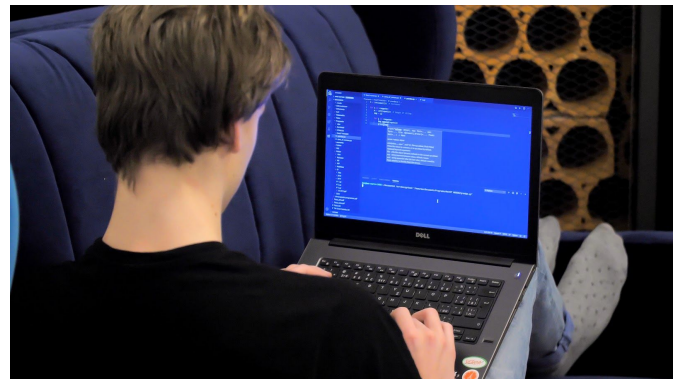

Weekly tasks that develop problem-solving
